

Get Mia and Vincent for your bedroom

Kevin Roderick • April 29 2009 11:38 PM

Here's your chance to own **wax figures** of Uma Thuman (as Mia Wallace from "Pulp Fiction") and John Travolta as Vincent Vega. They are part of a May 1 auction of figures from the Hollywood Wax Museum, ranging from Sinatra and Streisand to the likes of Moe, Larry and Curly. The flakkery from auctioneers Profiles in History calls it the first sale of the museum's wax. Bids can be placed in person, via mail, phone, fax or **live on the Internet**.
